AMENDMENT DATE: April 14, 2010
POSITION: Neutral

BILL NUMBER: AB 2793
AUTHOR: Assembly Governmental Organization
RELATED BILLS: AB 813 (John A. Perez), Chapter 647, Statutes of 2009

BILL SUMMARY: Alcoholic Beverage Control: Advertising: Club Licenses

Current law creates special club licenses for clubs that do not require the payment of an original license fee. The annual fee for a club license/Type 51 ranges from \$340 - \$508 depending on population. Club licenses must meet the following requirements:

- Restrict the sale and service of alcoholic beverages to club members only and their bona fide guests.
- Have at least 100 members and have been in existence for at least one year.
- Engage in at least some volunteer action for the community of which it is a part.
- Be a nonprofit organization.

This bill would allow the Department of Alcoholic Beverage Control (ABC) to issue a club license to a non-profit lawn bowls club that does not discriminate or restrict membership based on age, race, religion, national origin or sex.

Existing law authorizes alcoholic beverage suppliers to purchase indoor advertising at the Club Nokia within the City of Los Angeles subject to a number of conditions. One of the conditions is that no more than 15 percent of Club Nokia's purchases may come from the supplier who purchased the indoor advertising.

This bill would amend current law to clarify that alcoholic beverage suppliers may only purchase indoor advertising at Club Nokia and not the Nokia Theater as well. It also clarifies the definition of "purchases" for the condition that no more than 15 percent of Club Nokia's purchases may come from the supplier who purchased the indoor advertising

FISCAL SUMMARY

Finance estimates this bill would have no state General Fund impact. ABC costs to administer this bill would be minor and absorbable.
